Chest 76- 87cm 30-34"  
Waist 56-61cm 22-24"

- Wind & waterproof, breathable Ripstop Nylon Tactel
- Adjustable neoprene neck
- Neoprene tuff-cuff wrist seals
- Whole jacket colour coded by size

## NKE Centre Shell

The NKE Centre Shell is extremely durable, functional & good value. The breathable Ripstop fabric is windproof, waterproof & fully taped with no four-way cross seams. The Centre Shell benefits from an adjustable venting neoprene neck with Velcro. The cuffs are superstretch neoprene to make them easy to put on and create a comfortable seal. The waist is constructed from grippy fabric with a shockcord adjustment system which is ideal to hold the shell in place during activity. Available in colour coded sizes (easy to find the correct size at a glance).

Please see page 8 for more details on our Shells.

Lil' KIDZ

BIG KIDZ

Yellow

Age 10+ years  
Chest 76- 87cm 30-34"  
Waist 56-61cm 22-24"

- Waterproof & breathable Ripstop Nylon Tactel •
- Semi-dry cone design O-ring neoprene neck •
- Extra long neoprene O-ring wrist seals •
- Double adjustable neoprene waist seal with shockcord •

## Rapid Shell

This shell gives you more performance than a basic centre-style product, but without the bulk of more expensive latex shells. The full-function neoprene neck & cuffs with O-ring seals keep you dry as can be without investing in a full dry-top. It's made from breathable ripstop fabric. The neoprene single waist has both Velcro & shockcord to offer maximum adjustment & good fit during use. The zipped mesh pocket is always useful & is close to hand. Please see page 8 for more details on our Shells.

Age 10+ years  
Chest 76- 87cm 30-34"  
Waist 56-61cm 22-24"

- Waterproof & breathable Ripstop Nylon Tactel •
- Semi-dry cone design O-ring neoprene neck •
- Drysuit wrist seals with O-ring neoprene overcuffs •
- Twin waist with double adjustable neoprene outer seal •

## Pro Shell

This shell raises the bar a little. It has almost dry-top functionality but with a super comfy neoprene O-ring neck for the best dryness/comfort compromise. The latex wrist seals are bomber & the double waist system is like that found on dry tops at twice the price. The large front pocket rounds off an excellent product. It's made from a breathable ripstop fabric. The neoprene outer waist has Velcro & shockcord to offer maximum adjustment & comfort during use. The deep inner waist tunnel is lined with grippy elastic to hold it in place. Please see page 8 for more details on our Shells.

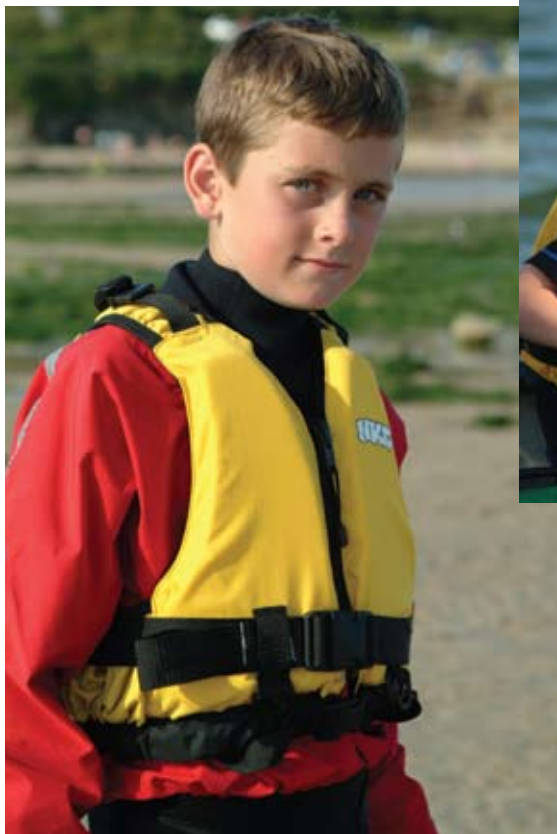

Ideal for more adventurous whitewater kayaking.  
The double waist is designed for use  
with a neoprene spraydeck.

Age 7-10 years  
Chest 66- 76cm 26-30"  
Waist 51-56cm 20-22"

## 50N

- 50N Buoyancy Aid (Zipped jacket style easy to put on)
- Durable bar-tacked Cordura shell with Nylon lining
- Adjustable waist straps
- Optional crotch straps (provided with Junior size)

## NKE Jacket Buoyancy Aid

The NKE Buoyancy Jacket has CE EN393 Certification with 50N of buoyancy. It has been a piece of NKE centre equipment for over a decade. The new NKE Buoyancy Jacket has two webbing adjustments with side squeeze buckles, the 25mm webbing belt now fits very snug to the wearer. The zip helps make the NKE buoyancy aid easy to put on & take off. Optional crotch straps are available. The shoulder straps also offer adjustment for excellent fit to any body. Available in yellow for safety while your children are playing in the water. There is a product lifetime warranty on all zips and sliders.

**A great durable buoyancy aid for kids that is easy to put on & has excellent adjustment & contact fit for safety in the water.**

THERMAL

ENVIRONMENTALLY FRIENDLY

QUICK DRY

- Environmentally friendly bamboo fleece & odour control
- Softcore stretch panels under arms
- Zip opening for venting & comfort
- Flatlocked for comfort

## Nookie Thermalcore

The Thermalcore Top is a favourite both on and off the water with the Nookie team. Made from environmentally friendly bamboo charcoal fabric, the Thermalcore offers warmth and odour control. The softcore underarm panels give extra stretch and are flatlocked for comfort. The zip opening at the neck gives the option of venting if you're working too hard. It can be worn with a shell or on its own. It'll keep your kids super cosy whether it's wet or dry. It always dries out pretty quick.

Now available in Big Kidz size.

The ultimate versatile warm base layer for paddling.  
It dries so quick it'll always be ready in your kit bag  
for the next mission.

BIG KIDZ  
Black/Red

Age 10+ years  
Chest 76- 87cm 30-34"  
Waist 56-61cm 22-24"

- Pre-bent articulated knees for excellent fit
- Flatlocked for comfort
- Dual dart crotch for comfort
- Glideskin waist for comfort

## Nookie 3/4 Strides

3mm neoprene <sup>3</sup>/<sub>4</sub> Strides designed for all type of kayaking. Or any watersports you fancy to be honest. They're a great fit for girls and boys. The hi-back waist (especially good when sitting) is lined with glideskin for extra comfort. The knees are pre-bent and articulated with a 2mm superstretch pre-curved panel on the back. The cuffs have an optional power-up system to avoid jetting. Flatlocked with a dual dart crotch for extra comfort.

The most awesome leg wear for kayaking. They are really easy to put on, look cool & protect your knees & shins when paddling.

- Waterproof & breathable Ripstop Nylon Tactel •
- Large brim to offer protection from the sun & the rain •
- Removable foam pad for flotation •
- Adjustable draw cord, perfect for those windy days •

## Jungle Hat

This hat offers protection from all the elements & is ideal for recreational paddling. It's a great alternative to a hood. The Jungle Hat is made from breathable waterproof ripstop fabric. It has a large brim to offer protection from the sun & the rain. The adjustable drawcord holds it on your head even in blustery conditions & also means you don't lose it if you take it off your head. The internal pocket houses a removable protective foam layer that assists flotation & the pocket is useful for storing items under your hat.
